CARGO BAY

VOID AREA

PORT SIDE HULL

STARBOARD HULL

Low hours on the engines, both landing craft have been on the hard since they were purchased. Hulls painted and no rust. Gates work on both vessels and are in great condition.

All hatches and voids recently serviced and engine were in good running condition. Small pilot houses with engine controls and gauges. There are adequate mooring cleats, fairleads, bollards and two engine compartment vent cowls.

Vessels are on the hard and can be started and operated for engine inspection for serious buyers.

Vessels would need to be transported to the harbor to launch with an estimated MOB cost of \$4,000.00

Inspection by appointment only...

**Price: \$295,000.00 per individual vessel, both vessels package price, \$560,000.00 USD**  
(For sale where is - as is)
